## Education

- Incoming **MS in Computer Science, ISIMA, Clermont Auvergne INP, UCA, France**  
○ **Specialization:** Data Science.
- 2021 - 2025 **BS in Electrical Engineering and Computer Science, IISER Bhopal, India**  
○ Grade: 8.92/10  
○ **Selected Courses:** Data Science and Machine Learning, Multi-agent Reinforcement Learning, Algorithms, Operating System, Computer Organization, Theory of Computation, Probability and Statistics, Linear Algebra, Competitive Programming.
- 2019 - 2021 **Intermediate/+2 (Class XII), AMU Board, SHSSS, Aligarh Muslim University, India**  
○ Grade: 96.8/100  
○ First Division with distinction in Physics, Chemistry, Mathematics, Biology, English (core).

## Research Experience

- May - July (2025), (2024) **Institut Pascal, CNRS, Université Clermont Auvergne, France, Research Intern**  
○ Advised by Dr. Mathieu Labussière as part of ComSee team.  
○ Demonstrated SWIR images' effectiveness with deep learning models in adverse weather conditions.  
○ Worked with GAN-based and diffusion-based approaches for synthetic generation of SWIR images.  
○ Models worked on include Grounded SAM, YOLO [Sem. Segmentation] and CUT, CycleGAN, Pix2Pix, BBDM [GANs & diffusion-based]
- Jan - April 2025 **IISER Bhopal, India, BS Project Student**  
○ Advised by Dr. Arpit Sharma at the Dept. of EECS.  
○ Worked on using Zero-Shot Learning model for Sector Classification, utilizing the CrowdRE dataset.  
○ Used models including Sentence-BERT, All-MiniLM-L12, Bert4RE and BERTOverflow
- May - July 2023 **Indian Institute of Space Science and Technology, Research Intern**  
○ Advised by Prof. Deepak Mishra as part of the CVVR Lab  
○ Worked on robotics and implementation of SLAM through Kalman filter and EKF Methods.  
○ Used Robot Operating System (ROS), RViz, and Gazebo.

## Publications and Preprints

- 🔗 **Rohan Mehra**, Alexandre Riffard, Mathieu Labussière, Pierre Duthon, Romuald Aufrère, "Would SWIR modality help for detection and segmentation in harsh weather conditions? An experimental study", *ICCV Workshop on Multispectral Imaging for Robotics and Automation (ICCVW)*, 2025.

## Teaching Experience

- 2024, 2023 **Basic Electronics, IISER Bhopal**  
○ Teaching Assistant for an undergraduate class of 180 students twice for 2024-25/2023-24 Semester I.  
○ Conducted tutorial sessions, prepared assignment solutions, and provided one-to-one guidance.

## Academic Projects

- 2025 **Risk-Aware Multi-Epoch Package Delivery Planning, IISER Bhopal**  
○ Used greedy algorithm to solve package delivery problems while balancing risk and reward.  
○ Developed a GUI-based visualization tool using Tkinter and Matplotlib.

- 2024 **Training Multi-Robot Warehouse (RWARE) Environment**, IISER Bhopal
- Trained robots for optimized coordination in the RWARE environment.
  - Employed Deep Q-Network (DQN) for efficient learning.
- 2024 **Implementation of Grover's Algorithm**, IISER Bhopal
- Implemented Grover's Algorithm for the 3-SAT problem demonstrating quantum speedup.
  - Utilized PennyLane for designing quantum circuits.
- 2023 **Prediction of Mortality Rate of Heart Failure Patients in ICU**, IISER Bhopal
- Built a classification model to predict ICU mortality in heart failure patients.
  - Utilized Random Forest, Logistic Regression, and AdaBoost etc. for model development.

## Technical Skills

Languages Python, C++, C, Java  
 Frameworks PyTorch, Tensorflow  
 Software ROS, Gazebo, MATLAB, Git,  $\LaTeX$ , Wolfram Mathematica

## External/Online Courses

- Introduction to Deep Learning & Neural Networks with Keras – Coursera (Offered by IBM)
- Machine Learning with Python – Coursera (Offered by IBM)
- Image Processing Onramp, Simulink Onramp, MATLAB Onramp – MathWorks

## Achievements/Fellowships

- 2025 **MIAI Cluster Excellence Scholarship**  
 Selected for Excellence Scholarship program offered by the Multidisciplinary Institute in Artificial Intelligence (MIAI) in France to pursue Masters at ISIMA, Clermont Auvergne INP.
- 2024 **IASc-INSa-NASi Summer Research Fellowship** [Declined]  
 Selected for summer research fellowship jointly offered by the Indian Academy of Sciences, Indian National Science Academy, and National Academy of Sciences, awarded to the top ~5% of applicants.
- 2021 **Indian Maritime University (IMU) Undergraduate Admissions**  
 Secured All India Rank 9 out of 14,108 ranked candidates, placing in the top 0.1% nationwide.

## Positions of Responsibility And Extra-Curriculars

- 2024 – 2025 **Student Placement Coordinator**, *Department of EECS, IISER Bhopal*, Bhopal, India
- Assisted the placement cell in all placement and internship activities.
  - Acted as a link between students, the department, and the placement cell.
- 2023 – 2024 **Cultural Secretary**, *IISER Bhopal*, Bhopal, India
- Elected representative of the general student body for organizing all cultural events at IISER Bhopal.
  - Led the team of 70 performers to the the Inter IISER Cultural Meet 2023 held at IISER Mohali.
- 2022 **NCC 'B' Certificate**, *National Cadet Corps, India*, Aligarh, India
- Passed NCC 'B' certificate training examination from 8 UP BN NCC, AMU Campus.
  - *Achievement*: Part of a National Integration Camp, EBSB(VII) between UP and MPCG Directorate.

## Languages

- **English** - Full Professional Proficiency
- **Hindi** - Native Proficiency
- **French** - Limited Working Proficiency
